

UNIQUE BAMBOO TABLE WITH GLASS TOP

TAB-022

This stunning accent table is a beautifully refinished vintage piece, exuding a timeless blend of bohemian and tropical charm. Crafted from sturdy bamboo and rattan, it features a striking custom black paint and wax finish, enhancing its natural textures while adding a bold, contemporary touch. The unique design showcases an intricate frame with intersecting supports, lending both visual interest and stability. The round tabletop is adorned with a glass surface, providing a smooth and functional area for display while allowing the handcrafted details of the base to remain visible. The combination of natural woven elements and the freshly updated finish gives this table a versatile aesthetic, making it an excellent addition to a variety of interiors, from coastal to eclectic or modern spaces.

Perfect as a side table, entryway accent, or plant stand, this one-of-a-kind piece offers both style and functionality. Its recent refinishing ensures durability while maintaining its vintage appeal, ready to elevate any space with its unique character.
